

Jack Cahill

Boston, MA 02120

cahill.jac@northeastern.edu | 603.903.8950

EDUCATION

Northeastern University, College of Science - *Cumulative GPA: 3.822*

Boston, MA

Major: Physics

Expected Graduation: May, 2028

Minor: Electrical Engineering, Mathematics

Honors/Awards: Dean's List

Relevant Coursework: Advanced Physics Lab, Electronics, Electronics Lab, Electricity and Magnetism 1, Foundations of Theoretical Physics, Modern Physics, Computational Problem Solving (Python), Differential Equations, Linear Algebra

SKILLS

- SolidWorks
- FreeCAD
- 3D Printing
- PCB Design
- Soldering
- Python
- Arduino
- C++
- Circuit Design/Testing
- LaTeX

EXPERIENCE

Northeastern University

Boston, MA

Physics Lab Instructor

January – June, 2026

- Delivered lab instruction across multiple daily sections impacting 200 total students per term while personalizing teaching strategies to students' individual learning needs at a one-on-one level
- Calibrated mislabeled capillary tubes via pixelated length comparison against authenticated pin gauges to develop a modified lab procedure improving measurement accuracy for students
- Engineered an interactive LED tic-tac-toe game with joystick controls and custom 3D-printed housing designed in SolidWorks/FreeCAD, debugging circuitry and firmware independently

Gooch and Housego Optics

Keene, NH

Optical Engineer Summer Intern

June, 2025 – August, 2025

- Improved organization and catalogued 20 years of product orders
- Reformatted database and updated specifications of manufactured parts
- Assisted in integrating lenses with cameras for customers
- Inspected and tested lenses for quality control
